

The Natural Way to Go

No one likes talking about constipation, so let's talk about a 100% natural solution. Sure, there are pills and potions that have a laxative effect, but none of them are naturally packed with the combination of vitamins, minerals and

antioxidants found in one glass of Sunsweet® Californian Prune Juice. Sunsweet gets you back into the swing of things as safely and effectively as it always has. And hey, what's good for you is good for your baby too.

SUNSWEET
Keeps you smiling
on the inside™
