

The Natural Way to Go

No one likes talking about constipation, so let's talk about a 100% natural solution. Sure, there are pills and potions that have a laxative effect, but none of them are naturally packed with the combination of

vitamins, minerals and antioxidants found in one glass of Sunsweet® Californian Prune Juice. Sunsweet gets you back into the swing of things as naturally and effectively as it always has.

SUNSWEET
Keeps you smiling
on the inside™
