

The Natural Way to Go

No one likes talking about constipation, so let's talk about a 100% natural solution. Sure, there are pills and potions that have a laxative effect, but none of them are naturally packed with the combination of vitamins, minerals and antioxidants found in one

glass of Sunsweet® Californian Prune Juice. It not only helps you feel good on the inside, but its natural antioxidants also help you look good on the outside. Sunsweet gets you back into the swing of things as naturally and effectively as it always has.

SUNSWEET
Keeps you smiling
on the inside™
