

# Super-Sweet Easter Craft Activities

EGGS-CLUSIVELY FROM

The Easter holidays are very nearly here.

Many of us can enjoy a break away from the usual routine and take advantage of the longer and brighter days.

And it's an **egg-cellent** opportunity to spend some quality time with the kids!

Kids of all ages will love getting crafty with our fabulous trio of Easter inspired projects. We have prepared colourful, printable templates and easy-to-follow instructions for each craft activity.

Our *Baby Chick Easter Decorations* are just so adorable. Why not get the whole family involved, to make a nest full? Piled into a pyramid, our Baby Chicks will add a super cute touch to your springtime decorations.

Our *Bunny Rabbit Pen and Pencil Holder* is simple to make and so sweet. And do you know what? It's actually really practical, too. The perfect place to stash away all those odds and ends, our Bunny Rabbit holder makes a fun little gift. And it's much less calorific than a chocolate egg!

Our *Bunny Box* is beyond cute and will give younger children a safe storage place – on your family's Easter Egg Hunt - for their mini eggs. And, if you have a little extra time on your hands over the holidays? Why not rustle up some *Chocolate and Prune Truffles* as an Easter gift for your friends and family? Our Bunny Box is a fun way to present them.

## Chocolate and Prune Truffles Recipe

*Homemade gifts – especially ones as delicious as these – are certain to be welcomed by friends and family members, alike. And these deliciously chocolatey no-cook prune truffles are deceptively simple, too. In fact, the trickiest thing about them will be giving them away!*

These delicious choccies are so simple to make and will keep well, in the fridge. Using a food processor, blend together 200g of **Sunsweet** prunes with 100g of your favourite nuts. Add a few tablespoons of cocoa powder and a tablespoon of olive oil. Blend again, briefly, until the mixture starts to come together. Shape the prune and nut mixture into balls. Chilling the balls for a while will make the final step easier. Melt 100g of good quality dark chocolate and, working quickly, use it to coat the truffles. Make sure the truffles are completely set before packing them into pretty boxes.

# Baby Chick Easter Decoration

Print out the page.

Before starting we recommend you glue the page to a thin piece of cardboard.

Cut the main figure, wings and feet along the edge, fold the cube along the white lines and glue the parts marked to coincide with the specified number.

Cut along the greenish line under the beak and the semi-circle on the back.

Have fun!

## What you will need

Printer and paper  
Thin cardboard  
Paper glue  
Scissors

Young children should always be supervised by an adult.
